Dallas Retired Teachers Association
2020-21

TRTA has a ***proven track record***.
In 2019, TRTA's advocacy put $589 million directly into the pocketbooks of retirees via a 13th check!

Also, due to the advocacy of TRTA, the 2019 legislature:

- ✓ Passed a plan that will ensure the long–term solvency of your pension fund and make much–needed cost–of–living increases more attainable.
- ✓ Increased TRS–Care health insurance funding by an additional $231 million, meaning your health insurance will be stable for the next two years with no benefit changes or premium increases!
- ✓ Now, TRTA is focused on repealing and fixing the horrible Windfall Elimination Provision (WEP)!
